Construction, Forestry, Maritime,  
Mining and Engineering Union

Dear paronaayne,

Thank you for writing to me about requests the Construction, Forestry, Maritime, Mining and Engineering Union (CFMMEU) has to seek fair pay, a safety agency and support for unions.

The Pavian Government recognises that Pavia was built by its workers. We would not be the cultural and architectural powerhouse we are today without them.

Accordingly, I am pleased to advise that the Pavian Government supports and will adopt in full all recommendations made by the CFMMEU.

As you are aware, the Duke of Caesaria, His Grace CaesarBiggles I, has been appointed by me as the duke responsible for labour. I have asked him to contact the CFMMEU directly to discuss the implementation of this reform package.

My government is excited to work with your organisation to rapidly deliver these reforms to ensure the safety of all workers.

Thank you again for taking the time to write to me. It is through people like you speaking up that we can make real change.

Should you have any questions, please contact His Grace CaesarBiggles I.

Yours sincerely,

*Gobblin*
